Claim Rejections - 35 USC § 112

The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

Claims 137-165 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

In claim 137, the phrase "third controlled pore architecture" is vague and unclear since there have not been two others previously.

Claim Rejections - 35 USC § 102

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

Claims 74-79,83-92,96,97,102 and 103 are rejected under 35 U.S.C. 102(b) as being anticipated by Vyakarnam, et al.-6333029.

Vyakarnam discloses a foam implant having a plurality of sections with different pore architectures which form a pore gradient. A drug or bioactive composition is included in the implant. Metal particles can be placed in the implant as well. Given the disclosed materials, the implant would inherently swell upon placement in an aqueous environment. See col. 1 lines 5-10; col. 2 lines 42-47; col. 3 lines 44-53; col. 4 lines 14-35; col. 5 lines 13-23 and 65-67; col. 9 lines 22-29; col. 12 lines 9-21; col. 17 line 25-col. 18 line 37.

Allowable Subject Matter

Claims 1-7,10,12-19,21-57 and 59-69 are allowed.

Claims 80-82,93-95,98-101 and 104 are objected to as being dependent upon a rejected base claim, but would be allowable if rewritten in independent form including all of the limitations of the base claim and any intervening claims.

Claims 137-165 would be allowable if rewritten or amended to overcome the rejection(s) under 35 U.S.C. 112, 2nd paragraph, set forth in this Office action.

Response to Arguments

Applicant's arguments with respect to the rejected claims have been considered but are moot in view of the new ground(s) of rejection.
